The latest collection by [redacted] is inspired by pleats and the accordion-like movement of pleated fabric. Fold is a tile collection with character, conceived to lend surfaces a natural sense of movement when the tiles interact with the light.

FOLD stands out for its illusion of depth from the top to the bottom of its pleats, achieved with minimal volumetric interplay. This 15x38 collection, in a choice of three colours (White, Clay and Green), features a combination of stone textures on its surface.

◒ MERAKI CLAY NT/90X90X0,9/R

La nueva colección diseñada por [redacted] parte del juego de pliegues y de la búsqueda de un movimiento, de un tejido que se puede plegar, desplegar y replegar. Una pieza con carácter que, en función de la proyección de la luz, aporta movimiento natural.

FOLD destaca por sus proporciones, con una cresta y valle de pliegue calculado para dar máxima profundidad visual con el mínimo espesor. Creada a partir de una superficie que combina texturas pétreas, en formato 15x38 cm, se presenta en tres tonalidades: White, Clay y Green.
