For a truly healthy environment for people, it must also be environmentally friendly. The durability of vertisolrugs means that they have an extended life cycle, avoiding frequent replacement and generating less waste that damages the planet. 50% of the material we use is recycled from the discontinued fabric of the outdoor furniture sector. In this way we avoid threads in perfect condition from being discarded and we give them a new life.

_ Un entorno realmente saludable para las personas debe ser también respetuoso con el medio ambiente. La durabilidad de las alfombras vertisolrugs hacen que tengan un extenso ciclo vital, evitando ser reemplazada frecuentemente y generando menos residuos que dañen el planeta. El 50% del material que usamos es reciclado, procedente del tejido descatalogado del sector de mobiliario de exterior, así evitamos que hilos en perfecto estado sean desechados y les damos una nueva vida.
